

GARDEN PROS SUMMARY OF SERVICES

PERENNIAL FRUITS

Thinking long term? Fruit trees and bushes take a few years to get established, but will produce fruit for years and years. Contact us to help select, plant, and provide long term care for your perennial plants.

- Plant fruits, berries, or nuts
- Provide holistic fruit tree care
- Prune fruit trees and bushes in the dormant season

POLLINATOR GARDENS

Native plants are great companions to vegetable gardens and some are even edible! Hire CUA staff to plant:

- Native edibles
- Pollinator gardens

OTHER SERVICES

- Soil Testing; identifies soil nutrients and or soil chemicals
- Applying Soil Amendments; improves soil structure
- Garden Mentoring; we can instill you with the knowledge it takes to be a great gardener!
Contact our staff to learn more.
